United States Mint Releases Set of Enhanced Uncirculated Coins on Aug. 1

July 25, 2017

WASHINGTON – The United States Mint will accept orders for the 225th Anniversary Enhanced Uncirculated Coin Set™ **(product code 17XC)** on August 1 at noon Eastern Time (ET).

Struck in celebration of the Mint's 225th anniversary, this set contains 10 coins with an enhanced uncirculated finish featuring a combination of laser-frosted areas and an unpolished field that accentuates design details. The process creates a unique contrast distinctly different from the mirror-like finish of proof coins. Each coin bears the "S" mint mark of the United States Mint at San Francisco.

The following coins from the San Francisco Mint are included in the set:

- **Five Quarters from the America the Beautiful Quarters® Program** honoring Effigy Mounds National Monument in Iowa; Frederick Douglass National Historic Site in the District of Columbia; Ozark National Scenic Riverways in Missouri; Ellis Island in New Jersey; and George Rogers Clark National Historical Park in Indiana.
- **One Native American $1 Coin** with a reverse design featuring a profiled likeness of Sequoyah writing "Sequoyah from Cherokee Nation" in syllabary along the border of the design. Inscriptions are "UNITED STATES of AMERICA," "$1", and "Sequoyah" written in English in the field of the design.
- **One Kennedy half dollar**
- **One Roosevelt dime**
- **One Jefferson nickel**
- **One Lincoln penny**

The coins are presented in two coin lenses—five coins per lens—and packaged in a black matte box with a Certificate of Authenticity. Mintage for this set is limited to 225,000 units.

The 225th Anniversary Enhanced Uncirculated Coin Set™ is priced at $29.95. Orders will be accepted at https://catalog.usmint.gov/ and at 1-800-USA-MINT (872-6468). Hearing- and speech-impaired customers with TTY equipment may order at 1-888-321-MINT. Information about shipping options is available at https://catalog.usmint.gov/customer-service/shipping.html.

About the United States Mint
The United States Mint was created by Congress in 1792 and became part of the Department of the Treasury in 1873. It is the Nation's sole manufacturer of legal tender coinage and is responsible for producing circulating coinage for the Nation to conduct its trade and commerce. The United States Mint also produces numismatic products, including proof, uncirculated, and commemorative coins; Congressional Gold Medals; and silver and gold bullion coins. Its numismatic programs are self-sustaining and operate at no cost to taxpayers. The Mint is celebrating its 225th anniversary in 2017 (#USMint225).

Note: To ensure that all members of the public have fair and equal access to United States Mint products, orders placed prior to the official on-sale date and time of Aug. 1, 2017, at noon ET, will not be deemed accepted by the United States Mint and will not be honored.
